Verdict

If you guessed all of them right, that's terrific and dance a jig! Now, you can read simple Braille as good as the visually handicapped persons although by vision only!

If you guessed half of them correct, good for you! You are trying your utmost best. Please practise again to get full mark in Braille reading!

If you guessed all of them wrong, well, what can we say, please visit out Taman Cahaya Training Centre and enrol for a first hand blind folded Braille reading training by our blind Braille teacher!
